MEMORANDUM FOR: SSA/DDS

SUBJECT: CS Records Inventory Report and  
Recommendations, 1961

1. The attached report on Clandestine Services headquarters records was prepared by the DDP/RMO from data submitted in mid-1961 by the various components of the CS. I think you will find both the data and the commentary interesting as it is the first time that such a comprehensive presentation of the CS records situation has been made.

2. You will find that your own official interests are touched upon at various points, and specifically covered by Recommendations #4 and #8. I would appreciate your comments on these particular recommendations as they affect your functions and responsibilities and, in the event you find them to be practical, some indication as to the timing and the problems you would anticipate in carrying them out.
